### NAVAL MUSEUM OF MANITOBA (1997-1999)

HMCS CHIPPAWA is the current home of both Winnipeg's Naval Reserve Division and the Naval Museum of Manitoba. The original Winnipeg Winter Club, built on this site in 1910, was taken over by the Royal Canadian Navy in the early 1940s. The Naval Museum of Manitoba was established within the Division in 1980 to preserve the history and heritage of Manitoba's Naval personnel, with an addition in 1999. A key feature of this new building is the large, two-story curved window facing Assiniboine Avenue, behind which you can see a large, four-inch, twin barrel naval gun mount of the type used on World War II ships. It dynamically displays 'A Look to the Past, With a View to the Future!'

### OSEREDOK UKRAINIAN CULTURAL AND EDUCATIONAL CENTRE (1912)

Oseredok is a multifaceted heritage institution connecting Canadians with Ukrainian culture. It is recognized for the breadth and scope of its ethnology, art, archives and library collections that lie at the heart of its public programs (exhibitions, workshops, public lectures). It provides information and research services pertaining to Ukrainian Canadian heritage. Oseredok is located in a five-storey red brick building erected in 1912 by the British and Foreign Bible Society, which was known for a long time as Bible House. The north facade of the building has a historic designation from the City of Winnipeg.

Tour start at 10:30am, 12:30pm and 2:30pm. Tours are 60 minutes long with a maximum of 20 participants.

### TELPAY BUILDING (1909)

The Telpay building gives visitors a rare glimpse into Winnipeg's financial services industry at the turn of the century. The spectacular exterior features an imported red sandstone façade, a rarity in Winnipeg. The interior showcases impressive craftsmanship of the period, including original marble details, a commanding lobby rotunda, Corinthian capped pillars, and crafted glass panels. The original manual elevator is also still functional. Today, the building houses Telpay, the largest independent electronic payment processor in Canada for over 30 years.

Tours start at the main floor reception and are 15 minutes long with a maximum of 20 participants.

### ARTSPACE (1901)

In 1901, the Gault building, a strong example of the Richardsonian Romanesque style, was constructed for the Gault Brothers Company. In 1986, the space transformed into ArtSpace, a multidisciplinary arts centre that houses a number of arts organizations. The tour starts in the lobby, showcasing the Little Library, Window Gallery, and the drayway - then through the building, concluding with a visit to an actual working studio that specializes in etching and engraving.

Tours run throughout the day and are 30 minutes long with a maximum of 8 participants.

### MARIAGGI'S THEME SUITE HOTEL AND SPA (1900)

The Albert Block was built in the early 1900's by Sir James Tupper, who rented and eventually sold to Frank Mariaggi - an Italian restaurateur from Corsica. Mariaggi's became well known for the 8,000 square foot restaurant with the "Longest Bar in the West" reaching from Albert Street to Arthur Street - and the dining grottos in the basement were the talk of the town. The lavishly appointed hotel suites on the upper floors included telephone, elegant tapestries, rugs, draperies and each a luxury bathroom with individual toilet, bath and sink. Today, Mariaggi's has once again set a new standard for the day. All theme suites are uniquely designed with furnishings and artwork that represent the country of the theme.

### MAYBERRY FINE ART (1901)

The Lake of the Woods Building, erected in 1901 and expanded in 1911, was designed by one of Manitoba's most prolific architects, J.H.G. Russell. Built in the Romanesque Revival style, the building's remarkable exterior has an abundance of ornamentation. It is finished using red brick with Twin City brown sandstone accents, unique materials for the area. Many original interior elements also remain, including the vaults, hardwood floors, wood paneling, doors, the main staircase, and the upstairs boardroom and fireplace. Now owned by Mayberry Fine Art, the building houses a gallery specializing in historical and contemporary Canadian fine art.

### MILLENNIUM CENTRE (1911)

Designed for the Canadian Bank of Commerce by Darling and Pearson, this magnificent heritage building has been preserved and renamed the Millennium Centre, and features a monumental granite and marble hall capped with a stained-glass dome 15 meters above. Be sure to visit the Tapestry Room!

This year the Millennium Centre will feature performances by the Bolero Dance Theatre, a theatrical dance company devoted to presenting Spanish dance from the Escuela Bolera style to the passion of Flamenco. Flamenco guitarist Philippe Meunier will provide live accompaniment. The colourful traditional costumes and castanets enhance the spectacle to the maximum. Performances start at 1pm, 2pm and 3pm, lasting 15 minutes.

### THE BELGIAN CLUB (1908)

The Belgian Club was constructed in 1908 as a place for members of the Winnipeg area Belgian community to socialize. Constructed by Frank Wyant and Marcel De Leeuw under the guidance of architect J.A. Senecal, the building has gone through many additions in order to accommodate the growing Belgian community. The second floor was added in 1911, and further additions were completed in 1914 and 1947. The building is especially notable for its original tin ceilings that can be seen in the upper hall and in the main hall of the basement. We welcome everyone to come and see our building and everything we can offer.

### FORT GIBRALTAR (1978)

Originally built at the Forks of the Red and Assiniboine Rivers in 1810, Fort Gibraltar was a North West Company fur trade post that also helped control the pemmican trade. Festival du Voyageur inc, a non-profit organization, rebuilt today's Fort on the east side of the Red River in 1978. Step back in time as costumed interpreters show you around and share tales of what life was like here in the Red River valley from 1815 to 1821.

This year's event coincides with the Union nationale métisse Saint-Joseph du Manitoba's annual picnic, which takes place at Whittier Park, adjacent to Fort Gibraltar. Join us as we celebrate Manitoba's strong francophone Métis culture.

### FIRE FIGHTERS MUSEUM OF WINNIPEG (1903)

The fire hall at 56 Maple Street was built in 1903 and was active until 1990. Designed by Alexander and William Melville, it is one of five fire halls built that year. Eventually, its building plan was used for 14 of Winnipeg's fire stations. The station is a two-storey brick building with a one-storey stable that originally housed 12 horses, a hayloft, an oat bin, and a harness room. Four poles were used to carry the fire fighters to the main floor upon receipt of a fire alarm. The 75-foot tower was used for drying fire hose.

Tours are self-guided with volunteers on hand to answer questions.

## HISTORIC KILDONAN CHURCH & CEMETERY (1852)

Historic Kildonan Church and Cemetery is one of the oldest locations of worship & cemetery combined in Manitoba, predating Confederation. With a history spanning over 165 years, it is the final resting place for many of the prominent 'Selkirk Settlers' who became an important part of the "Red River Colony" of that era. In 1854 the spiritual centre of the community was completed in the Historic Kildonan Presbyterian Church, which still stands prominently in the graveyard. Visitors will learn of the current plans for restoration and preservation of the "Old Kirk" Historic Church for future use by generations that follow.

## HOLY TRINITY UKRAINIAN ORTHODOX METROPOLITAN CATHEDRAL (1949-1951)

The Holy Trinity Metropolitan Cathedral has been a prominent structure on the Winnipeg architectural landscape since it was completed in 1962. It was built in the style of traditional Ukrainian Orthodox Cathedrals in Ukraine, with five copper domes and a Byzantine Iconostas. The large mosaic of the Trinity at the front of the building was designed by Leo Mol. Inside, stained glass windows feature Ukrainian Canadian religious themes. A museum on the main floor showcases the rich traditions and culture that Ukrainian immigrants brought with them to Canada. Tours run throughout the day.

## MANITOBA INDIGENOUS CULTURAL EDUCATION CENTRE (1908)

Designed by J.H.G. Russell, the building at 119 Sutherland Ave. housed a Methodist-sponsored mission, which became prominent in 1907-13 under the superintendency of Rev. J.S. Woodsworth. The building was built for functionality and durability.

Due to this, the building has served its occupants well. When no longer used as a Mission, the Manitoba Indian Cultural Education Centre (MICEC) acquired it in 1977 on a three year rental purchase agreement and on March 31, 1980 it became the property of MICEC. An extensive interior renovation occurred in 2009 and is now called the Manitoba Indigenous Cultural Education Centre.

The 2017 Doors Open Hidden Gem award winner is nestled away from the heavy traffic, east of Main St. along the Red River. McBeth House was built 1912 for Robert McBeth a Selkirk Settler and entrepreneur. Gifted to the City of Winnipeg in the 1980s by Ms. Isabel McBeth, Robert's granddaughter, to become a meeting place for seniors. The home sits on a 7-acre parcel of green space, McBeth Park with walking pathway to some of Manitoba's largest Cottonwood trees. This striking home has maintained its original charm and character highlighted by the handcrafted woodwork that still adorns the dining room and three fireplaces on the main floor.

## ST. MICHAEL'S UKRAINIAN ORTHODOX HERITAGE CHURCH (1890)

Built in 1890, the original church building served as an Anglican mission church until it was converted to St. Michael's Ukrainian Orthodox Heritage Church in 1918. The new church features three domes, three crosses, and a bell tower. In 1922, parishioners added a large pioneer stone cross to the church grounds. The interior of the church has numerous religious icons, banners, and a beautiful bronze medallion sculpture of St. Olga by Leo Mol. Before the altar, there are beautiful golden doors and painted icons of church holidays and religious persons.

### UKRAINIAN CATHOLIC METROPOLITAN CATHEDRAL OF STS. VLADIMIR AND OLGA (1950)

The Ukrainian Catholic Metropolitan Cathedral of Sts. Vladimir and Olga is a grand work of Byzantine architecture. Dedicated in 1951, its massive interior is adorned with exquisite tapestries, icons and murals. The Cathedral is famous for its 34 opulent stained glass window, 16 designed by the late Leo Mol, a Manitoba, Parish member and a world-renowned artist and sculptor. Leo Mol's life and work are honoured in the Leo Mol Sculptor Garden, in Winnipeg's Assiniboine Park. The Cathedral is also noted for its beautiful rose stained glass window above the choir loft, depicting Sts. Vladimir and Olga, the Cathedral's Patron Saints, located above the altar. Come and visit this jewel of Winnipeg!

### WINNIPEG UKRAINIAN LABOUR TEMPLE (1918-1919)

The Labour Temple is the national office of the Association of United Ukrainian Canadians, a progressive organization that offers cultural, social and educational activities. Constructed in 1918-1919, it is the largest Ukrainian Labour Temple in Canada, built with volunteer labour and donations from the newly arrived Ukrainian community. It was the focus for Ukrainian culture, and worker and farmer activism. It is the only surviving labour hall associated with the events of the Winnipeg General Strike, and continues to be a vibrant community centre.

We will also have our Ivan Franko Museum open, which shows the life and work of this 19th century Ukrainian writer, poet and social activist.

Tours will run throughout the day and are 30 minutes long.

### 17 WING MILITARY COMMUNITY CHAPEL (1956) \* NEW \*

This mid-century modern chapel, built in 1956, is the last remaining structure of six military chapels that once served Winnipeg service members and their families. It contains historic stained-glass windows collected from the earlier buildings, as well as some recent commemorations. Along with its attached annex and recent addition of an indigenous sweat lodge, it now serves two Christian faith communities, a Defence Aboriginal Advisory Group, and many other units and groups related to the Wing. A brief historical pamphlet will be available. Some of our members will be present to respond to questions and share their personal stories.

### ARTLINGTON STUDIOS (1912)

618 Arlington was built in 1912 by Architect David W.F. Nichols and contractor F. Hinds. Originally the home of Northland Knitting, the building has provided operating space to a variety of manufacturers over the years, most recently Ram Wools, who operated there until the mid-1990s. In 2010, John Hunsberger purchased the building with a vision of transforming it into unique artists' studios. Using reclaimed materials and a creative approach to renovation, the historic building has been completely revitalized. With 21 studios and more to come as the fourth floor is developed, ARTlington provides beautiful workspaces for more than 30 diverse artists. Artists' work will be displayed throughout the entire building.

### ASCHENTI COCOA: CHOCOLATE FROM FARM TO BAR \* NEW \*

Aschenti Cocoa is proud to be Canada's first farm to bar chocolate maker. It all starts in our farm in Cameroon where we grow and harvest our cacao. After fermentation, we ship the beans to Manitoba and then we sort, roast, crack, winnow, grind, refine, conch, age, temper, then mould and hands wrap our chocolates. The result is a luxurious chocolate, made without additives, using the highest quality ingredients, a rich and virtuous chocolate. Our collections of unique and pure flavours are available in our open kitchen concept store at 782 Corydon Avenue in Winnipeg and they include vegan and gluten-free selection.

### CRESCENT FORT ROUGE UNITED CHURCH (1911)

Crescent Fort Rouge United Church has stood in the heart of Osborne village since 1911. Designed by J.H.G. Russell in the Romanesque style, the interior reflects its Methodist roots with curved pews arranged in a horseshoe shape. The stunning stained-glass windows and warm oak woodwork offer a sense of harmony and intimacy. The sanctuary, with its rare 1911 Casavant Freres pipe organ, is one of Winnipeg's acoustic gems and a popular venue for concerts. The annual spring Artfest, whose 2018 theme is renewal, invites performers and participants from the community to express themselves and respond. This active congregation welcomes you.

### ÉGLISE SAINT-NORBERT (1937)

#### St. Norbert Catholic Church

Built in 1883, the church that once stood here was destroyed by fire in 1929. The current church was built on the ruins and is home to a restored 1906 organ from Sacré-Coeur Parish in Winnipeg.

#### Chapelle Notre-Dame-du-Bon Secours

A former priest of Saint-Norbert, Father Noël Ritchot, played a key role in the events leading to the creation of Manitoba. Sent to Ottawa by Louis Riel, he successfully negotiated the terms of Manitoba's entrance into the Canadian Federation. Fr. Ritchot built the chapel in fulfillment of a promise if the political crisis could be resolved without bloodshed. The chapel is decorated by frescoes from Constantin Tauffenbach with the ceiling restored by the Franco-Manitoban artist Robert Freynet in 1994.

Tours run throughout the day and are 30 minutes long.

### FIRST UNITARIAN UNIVERSALIST CHURCH OF WINNIPEG (1912)

The Unitarian Universalist Church of Winnipeg celebrated its 125th Anniversary in 2016 and has been active in a variety of Winnipeg locations through the years, but was originally built as the home of the local Managing Director of the John Deere Plow Company. The architects were Ross and Macfarlane, a Montreal firm that also designed the Hotel Fort Garry. The ornate fireplace in the living room and the mahogany wood staircase in the central hallway are two of the most distinguishing features of this home. The newer sanctuary, designed by Prairie Architects, adjoins the house where the once stately carriage building was previously located.

Tours are ongoing with various lengths.

### GRANT'S OLD MILL (1974)

Made of logs brought from the Whiteshell in 1975, Grant's Old Mill was constructed the way it would have been in 1829 - all tongue and groove and no nails. The millstones are solid granite, with the top stone weighing 2,000lbs and the bottom stone weighing 1,000lbs. The mill is named after Cuthbert Grant Jr., who operated the first water mill west of the Great Lakes. The mill produces about 700lbs of whole-wheat flour a season and is operated by the St. James Assiniboia Pioneer Association Inc. Guided tours will be available at the site.

Tours run throughout the day and are 15 to 30 minutes long with a maximum of 10 participants.

### HSM TEMPLE AND CULTURAL CENTRE (1947) \*NEW\*

The Hindu Society of Manitoba was incorporated as a Religious Charitable Society in 1970. Weekly Sunday prayer meetings started in early seventies at devotees' homes. Friends and devotees came together to renovate Liberty Church into a beautiful Hindu temple. On Diwali night of October 1979 the Hindu Temple was opened for worship. This was the beginning of the first Hindu community place of worship in Manitoba. In 1984 the temple was further expanded to North and East sides.

854 Ellice Avenue site is holy and blessed place of worship since the 1940's, first as Church and since then as HINDU TEMPLE where devotees congregated to seek love and peace.

Tours run throughout the day and are 20 minutes long with a maximum of 15 participants.

### KINSMEN SHERBROOK POOL (1931) \*NEW\*

In Guy Maddin's My Winnipeg he claims that the Kinsmen Sherbrook Pool is actually three pools stacked vertically on top of each other. Unfortunately this isn't the case, but sometimes the truth is just as compelling.

Opened in 1931, declared a Heritage Building in 2001, and newly reopened in 2017 after significant renovations, the Sherbrook Pool has played a vital part in Winnipeg's West End community.

Join the Friends of Sherbrook Pool as they take you through the history of the pool, its relationship to the community, and promote a new plaque in dedication to former city councilor Harvey Smith.

### MCDUGALL HOUSE (1871)

Three years after the death of her husband died in 1883, Mme. McDougall and her teenage sons built a sturdy log house and operated a thriving General Store. This house now stands at Place St. Norbert in the heart of Historic St. Norbert. The McDougall House is a one-and-a-half storey lot building with dovetail corners, considered by many to be the ultimate in log building construction. Because of the great care needed in making these corners, usually only an "expert axeman" would choose the style.

The fact that the joints still fit snugly on this 105-year-old house shows the remarkable workmanship involved.

Tours of the grounds run throughout the day, starting on the hour and are 15 to 20 minutes long.

**MINTO ARMOURY (1915)**

Designed by Chief Dominion Architect David Ewart, west end Winnipeg's Minto Armoury was completed in 1915. The fortress motif building is an example of Tudor Revival architecture with square corner towers and an arched entrance way. The 155,136 square foot structure comprises a concrete foundation, brick and steel frame walls, as well as concrete and wood floors. The roof, originally made of metal, tar and gravel, was destroyed in a fire on January 22, 1956. The rebuilt roof changed the profile of the building somewhat. Ten militia units and a headquarters occupied the building at that time.

**PARISH CHURCH OF ST. LUKE (1905)**

St. Luke's began in 1889 as a Sunday School provided by Holy Trinity Church. The present building, which was constructed in 1904 and enlarged in 1910, is an excellent example of Gothic Revival architecture. The interior contains a large pipe organ, beautiful stained glass windows, and wood carvings by noted craftsmen and artists. The tower features a fine chime of eight bells. In 1914, the Church House was built to accommodate the Sunday School and community activities. There will be guided tours as required for those that are interested.

**ST. JAMES THE ASSINIBOINE ANGLICAN (HERITAGE) CHURCH (1853)**

Situated in St. James Cemetery and surrounded by many of Winnipeg's earliest settlers, is our Provincial Heritage Church. Inside, you can clearly see the hand-hewn, fitted timbers of the structure, and the remnants of the tower used by Louis Riel's scouts. This church was the centre of parish life until November 26, 1922 when the 'new' church opened. Condemned in 1936, it was restored in 1967 by the City of St. James and the parish as a Canadian Centennial project. The City of St. James was named for this parish.

**ST. GEORGES ANGLICAN CHURCH, CRESCENTWOOD (1957)**

Located in the residential neighbourhood of Crescentwood, St. George's Anglican Church was designed by Leslie Russell and constructed in 1957. The modernist structure is the third church to be constructed at this site. Expanses of glazing lighten the large structure and include a window designed by Leo Mol incorporating a central panel of R. McCausland glass. The columns lining the aisles incorporate coloured mosaic tiles. The massive oak entrance doors feature carved relief panels by sculptor Cecil Richards. Displays and refreshments.

Tours start at 11:30am, 1pm, 2pm, 3pm and 4pm. Tours are 30 minutes long with a maximum of 15 participants. All tours are preceded by demonstrations of the Casavant/Hill, Norman & Beard organ.

**ST. MICHAEL AND ALL ANGELS CHURCH (1904)**

St. Michael and All Angels was founded as a mission in 1904 by the Parish of All Saints, one of the fashionable parishes in Winnipeg. In 1910, Archbishop Samuel Pritchard Matheson created St. Michael's as a parish with a small distinct geographical boundary. Always a small parish, it was a real act of Faith, Hope and Love, when the foundation stone was laid for the present limestone building, on June 17, 1920. The architect, Henry William Greene, designed the church in the Romanesque style after a church in Italy dedicated to St. Michael. The Mission building was moved from across the street to serve as the parish hall. Please enter the church through the main doors on Mulvey Avenue.

**ST. NORBERT ARTS CENTRE (1897)**

The St. Norbert Arts Centre is a cultural, historical and environmental focal point for people from all walks of life. Its seclusion allows for quiet contemplation while still close to the Winnipeg urban environment. We honour this land from the ancient grounds of the Ojibway people, when the LaSalle River was formerly the banks of the Assiniboine 2000+ years ago. We hold strong to our roots in St. Norbert as the birthplace of a thriving Métis people leading to the historic events of LaBarrière and the Riel Resistance. Our home was built in the late 19th century by the silent Cistercian order of Trappist Monks who built a thriving agricultural community of prayer and self-sufficiency through the early 20th century.

Tours of the grounds run throughout the day, starting on the hour and are 15 to 20 minutes long.

### WINNIPEG SENIOR CITIZENS RADIO CLUB (1914)

WSCRC began in 1982 as an outlet and club, mainly for retired Senior Citizen Amateur Radio Operators, but also as a Community based Amateur Radio activity centre. Our home has been the Old St. Vital Firehall since 1987. Our club rooms on the second floor host an impressive museum of radio equipment dating from the 1920s. We will also take visitors on a tour of our state-of-the-art radio rooms. We will explain how various modes of communications, ranging from simple Morse Code to the many digital modes utilizing computers and the internet, work for us. Located on the second floor of the old fire hall.

Heritage Winnipeg is a non-profit, charitable organization established in 1978 which promotes the restoration, preservation and rehabilitation of Winnipeg's built heritage. We are a membership based organization and new members are always welcome!
